**I**N PRESENTING you with our list of Seeds for Spring and Summer planting, we beg to say that for many years we have made this our business and feel confident that the Seeds we offer will give you good satisfaction, as great care has been taken to have them grow from the finest strains and tested for vitality before we offer them for sale.

We invite your critical inspection before buying elsewhere, for we feel assured that this is all that is needed to convince you that it is not necessary to send out of the city for anything in this line.

Our prices are as low as possible for strictly high grade Seeds—the best it is possible to produce—and no better seeds are to be had at any price.

**OUR PRICES**—We shall adhere as closely as possible to the prices quoted in this catalogue, but the market value of some seeds is variable. This is most noticeable in grass, clover seeds, onion sets and seed potatoes. Quotations for such articles will be furnished on application.

Our prices include delivery free by mail for all Packets, Ounces and Quarter Pounds purchased from this price list. Prices on larger lots are based on purchaser paying transportation charges.

**ADDRESSES, ETC.**—In ordering, please be particular to sign your Name, also that of your Postoffice, County and State plainly; also mention mode of conveyance you prefer—whether by mail, express or freight. Serious delays are sometimes occasioned by failing to give attention to these matters.

**BAGS ARE FURNISHED AT THE FOLLOWING RATES:** Quarter bushel, 15 cents; half bushel, 25 cents; two bushel, 40 cents.

**NON-WARRANTY**—We give no warranty, expressed or implied, as to the description, purity, productiveness, or any other matter of any seed we send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Hoping our customers will appreciate our efforts to meet their wants, and trusting we shall become better acquainted during the coming year, to our mutual profit, and soliciting a share of your orders, we remain,

Yours truly,

**Wm. T. Philipps & Co.**

**Raise Your Chicks in the Reliable**  
**Blue Flame Hover**

**The Reliable Blue Flame Wickless  
Oil Heated Colony Hover**

This Hover Represents Our 30 Inch, 42 Inch  
and 52 Inch Sizes.

**THE MODERN HOVER**

This hover has the same chick capacity as the coal burning brooder. They are made in four sizes, 18 inch, 30 inch, 42 inch and 52 inch hover. A few of the special points on this oil heated hover are as follows:

**BURNS COAL OIL.**  
**STEADY BLUE FLAME.**  
**COMFORTABLE AND EASY TO OPERATE.**  
**ECONOMY OF OPERATION.**  
**NO WICK TO TRIM.**  
**ABUNDANCE OF HEAT.**  
**NO OIL FUMES.**  
**VISIBIE OIL FEED.**  
**CONVENIENT AND SAFE.**  
**NO COAL, SMOKE OR GAS.**  
**THE FLOW OF OIL IS REGULATED BY A VALVE.**

---

---

# Oil Heated Blue Flame Colony Hover

This is the most popular and most efficient hover we have ever manufactured, as proven by the many testimonials received.

You can always get coal oil, but it is hard to get hard coal. You can get any amount of heat with these hovers that is needed at all times and our special needle valve will take care of the flow of oil.

It will do better work than the coal burning brooder, with less trouble, less risk of fire going out and with equal success of comfort of chicks entrusted to its care and with less cost.

There is no dirt from coal, no ashes to remove, no noise pouring coal in stove to disturb or scare the chicks.

By using the **Reliable Blue Flame Wickless Oil Heated Colony Hover**, you save time, money and trouble and your chickens will grow faster, get heavier and thrive because our hover will take the very best care of them and keep them comfortable, happy and healthy.

These hovers are made of galvanized steel, have steel legs and have a capacity with our 18 inch hover of 100 chicks or less, with our 30 inch hover, 350 chicks or less; with our 42 inch hover of 500 chicks or less; with our 52 inch hover, 1,000 chicks or less.

There is nothing to wear out or break in this hover. You can fill the hover to full capacity or you can brood as few as you like, with equal success, and with less work and trouble. Our heater does not take up any floor space under hover as is the case with the coal stove.

This hover is way ahead of former inventions on artificial brooding of chicks. No corners, no crowding, no piling up of chicks; they are as lively and more comfortable than the old hen can make them. When using this hover your profits will increase, for you will raise more, healthier and stronger chicks.

The Workmanship on these hovers is perfect and special attention is paid to make them a **Grand Success**. We have had 38 years of experience in artificial hatching and brooding chicks and know what is necessary for success.

The cost of these hovers is very low considering the value of them compared with the success you have with

them. The hover is made cone shape so that it radiates the heat over the chicks' backs evenly with plenty of room for the chicks to move around.

We furnish a one-gallon self-feeder glass oil container with the 30, 42 and 52 inch hovers and a  $\frac{1}{2}$  gallon galvanized steel oil container with our 18 inch hover so that you need have no fear of light going out for it is simple and requires very little attention. It is equipped with a safety valve so oil is dropped to heater as needed. After the valve is once properly adjusted according to directions you need not pay any more attention, only to feed and water the chicks, for it is impossible to chill them, for they are always happy and comfortable with plenty of pure, fresh warm air at all times.

Our Ventilator in top of cone hover leaves out all foul air made by the chicks. This is all done automatically without any bother to the operator and which insures steady and healthy growth of the chicks placed in its care.

Our Guarantee is that this hover will do all we claim for it, and if not, if the hover is returned by purchaser within 30 days, we will refund your money. What more can we do to convince you of the superior quality of our hover.

**PRICE OF OUR BLUE FLAME WICKLESS SELF-  
FEEDING COAL OIL HEATED HOVER  
COMPLETE.**

No.	Size	Weight Comp. Hover	Price of Heater Only	Price of Canopy Only	Price of Comp. Hover
00	18 inch	14 lbs.	\$ 7.50	\$ 3.30	\$10.10
0	30 inch	40 lbs.	11.55	8.80	18.15
1	42 inch	45 lbs.	13.20	11.55	20.35
2	52 inch	55 lbs.	14.85	15.95	24.20

These Hovers are shipped crated compact with everything complete, ready to operate and with full instructions without extra cost. We carry a large stock of all sizes, and will give your order our prompt attention. Order early, as there is a heavy demand for this hover.

Our 18 inch hover is packed complete in cartons.

If you have a coal burning brooder and desire to change to an oil burning hover it will only be necessary for you to purchase our Blue Flame Oil Heater Complete, to be used instead of stove, price of which is shown above. Complete instruction for making change sent with each outfit.

Manufactured By—

**RELIABLE INCUBATOR & BROODER CO.  
QUINCY, ILLINOIS**

University of California.

Davis, California, May 6, 1919.

Reliable Incubator & Brooder Co., Quincy, Illinois.

Gentlemen: Your very courteous letter of April 29th has been received and we wish to thank you for the courtesy which you have extended to a member of this division.

In view of the fact that your coal oil brooder is one which fills a long felt want among California poultry raisers, we have been very glad to give this brooder our endorsement and recommend it wherever we felt that it could be used to advantage. We do have rather a large correspondence and have not hesitated to recommend these brooders where such recommendation was advisable. If this has resulted beneficially for you it is due entirely to the fact that your brooder is one that is extremely adaptable to a great variety of conditions and does fit a very keen need.

The fuel used almost entirely in this state is represented by either wood or fuel oil. Oil is used almost universally here for brooder heating. This is also a strong point in favor of your brooder.

Yours very truly,

J. E. DOUGHERTY.

---

Ottumwa, Iowa, Jan. 3, '19.

I am having fine success with the Blue Flame Hovers I got from you last spring.

University of Arkansas.

College of Agriculture.

Fayetteville, Arkansas Mar. 19, 1920.

Reliable Incubator & Brooder Co.

Quincy, Illinois.

Gentlemen:

The Blue Flame hover which we purchased from you for the University arrived in good order and I have set it up and working at the present time. The chicks are doing exceptionally well and never appear to be chilled. I like the construction of the brooder very well and find that it requires very little care. It has been running something over a week and all that I have done is to fill the tank. I find that it is very easily regulated and does not throw off any fumes that would be injurious to the baby chicks. The chicks that I have in this brooder at the present time are doing much better than the ones I had in the same house with the coal burning brooder last year. I wish to thank you very kindly for shipping this hover and assure you that I shall do justice to your brooder whenever I have any inquiries concerning the brooding of chicks.

# POULTRY DISEASES and how to treat them

Every poultryman is bound to have trouble with his flock occasionally and when sickness breaks out it is always at the unexpected moment.

Profit by the costly experience of others. Prepare for trouble. Keep a watchful eye on your flock, so you can head off sickness and losses with Conkey's preventive remedies.

*RIGHT NOW send your name and address and five cents in stamps to Remedy Dept., The G. E. Conkey Co., Cleveland, Ohio, for Conkey's Poultry Book. It tells all about poultry diseases and how to treat them. It's the result of many years practical experience and study.*

In the meantime study the SYMPTOM LIST on the back of this circular and begin establishing a CONKEY CORNER by purchasing the remedies you're likely to need.

## Keep Hens Laying With Conkey's Poultry Tonic

Your birds not only need clean housing and wholesome, balanced rations but also a GOOD TONIC and regulator to keep their digestive organs and assimilative processes up to 100 per cent efficiency.

Conkey's Poultry Tonic is an honest attempt to produce the best possible regulator, laying tonic, moulting powder and chick conditioner—one that will build up birds and encourage natural processes—not kill them off by unnatural forcing and "hot stuff."

Buy a pail at once. Give it according to directions and note the wonderful improvement. It puts an edge on appetites and by keeping the fowls scratching and active insures a larger, steadier egg yield.

Conkey's Poultry Tonic is pure. Nothing is allowed to go into its manufacture but ingredients of the highest quality. It does not contain red pepper, "powdered lightning" or other harmful ingredients designed to force egg production, which break down your fowls and turn your poultry yard into a grave yard. It has no filler. It's just pure bird medicine. Prices:

Packages, 30c and 60c; Pails, 12 lbs., \$1.60; 25 lbs., \$3.00; Bags, 50 lbs., \$5.00; 100 lbs., \$9.50. Express extra.

Don't Break the Chain of  
Conkey's Buttermilk Feeds

# SYMPTONS and REMEDIES

**STUDY THIS CAREFULLY. KNOWING  
WHAT'S WRONG AND WHAT TO DO  
WILL SAVE YOU LOTS OF WORRY  
AND VALUABLE BIRDS.**

---

**ROUP**—Nostrils closed; face swollen; comb pale; sneezing. Conkey's Roup Remedy, 30c, 60c, \$1.20. Conkey's Roup Pills, 30c, 60c, \$1.20 postpaid.

**CANKER**—Hard face swelling; cheesy growth in mouth. Eye distended. Conkey's Canker Special, 60c postpaid.

**CATARRH**—Gummy deposit on nostrils; frothy eyes; roup usually follows. Conkey's Roup Remedy or Conkey's Roup Pills, 30c, 60c, \$1.20 postpaid.

**PIP**—Tongue tip hard, nostrils closed, mouth breathing. Conkey's Canker Remedy, 60c postpaid.

**LIMBERNECK**—Head drags on ground. Act quickly. Conkey's Limberneck Remedy, 60c; 65c postpaid.

**CHOLERA-LIKE DISEASES**—Comb dark or bluish; fowls sleepy, feathers rough; flesh clammy; constant diarrhea, canary yellow or brown mucous. Conkey's Cholera Remedy, 30c, 60c postpaid.

**BLACKHEAD**—Usually attacks young turkeys. Diarrhea; no appetite; head dark; wings droop; legs weak. Conkey's Blackhead Remedy, 60c, 65c postpaid.

**THRIFTLESS** and convalescent birds—Emaciation, rough feathers, poor appetite. Conkey's Poultry Conditioner, 30c, 60c; 35c, 65c postpaid.

**WHITE DIARRHEA**—Chicks droop; eyes listless; diarrhea; chalky deposit below vent. Conkey's White Diarrhea Remedy, 30c, 60c postpaid.

**GAPES**—Chicks gape constantly. Conkey's Gape Remedy, 30c, 60c; 40c, 70c postpaid.

**CHICKENPOX OR SOREHEAD**—Dark, warty spots, pus filled, on comb, face. Conkey's Sorehead Remedy, 30c, 60c, 35c, 65c postpaid.

**WORMS**—Ravenous appetite; emaciated condition; some diarrhea. Conkey's Worm Remedy, 30c, 60c; 35c, 65c postpaid.

**LICE**—Conkey's Lice Powder, 15c, 30c, 60c, \$1.60, express extra.

**MITES**—Conkey's Lice Liquid, 60c, 90c, \$1.50, express extra.

**SCALY LEG REMEDY**—30c postpaid.

**HEAD LICE OINTMENT**—Saves baby chicks. Have a box ready. 15c, 30c postpaid.

---

*Notice—Don't fail to send for Conkey's Poultry Book. Full details. Read other side for directions how to obtain this valuable treatise.*

# Combination Garden Tools

**T**HE most useful as well as the most popular tool in the Iron Age line. From planting to harvesting, this tool is in almost constant use in thousands of gardens all over the world. It enables one to have a garden ten times as large, or to take care of a small garden with a tenth of the work required by old-fashioned hand tools.

## IRON AGE

combination tools enable you to garden farm-like but without a horse. They need no introduction to farmers and market gardeners who garden for profit, and they are equally known by small gardeners who garden merely for the pleasure of it—folks who want their *own* fresh delicious peas, tender corn on the cob, cucumbers, crisp lettuce, succulent golden wax beans, etc.

These tools are pushed ahead, a step and a thrust, while you walk upright. That tire-some back-bending that takes the pleasure out of gardening is done away with entirely. Women, girls, and boys use these tools the same as men and get the same benefits and pleasures from their use. Large, beautiful flower gardens are easily raised the "Iron Age" way.

(Over)

## Hill and Drill Seeder

# IRON AGE

No. 306

## Double and Single Wheel Hoe

**A**s a seeder, this Iron Age tool sows with remarkable accuracy from a large quantity of seed down to the smallest packet. For all crops where practicable, especially where waste would occur in crops which are widely thinned, the *hill-dropping* device is a very important *seed-saver*. The No. 306 also saves seed when drilling, because the adjustment may be set for thin and exact sowing without danger of clogging.

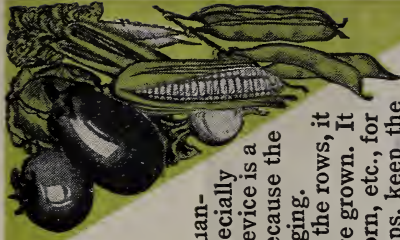

As a *wheel hoe*, this combination tool saves work. With wheels astride the rows, it will hoe young plants, and will hoe between the rows when plants are grown. It will cultivate either way, will open furrows for your potatoes, corn, etc., for fertilizer or irrigation. It will cover furrows, ridge growing crops, keep the weeds out, and maintain a dust mulch that holds moisture. Has the best set of special steel tools to be found on any wheel hoe. It has a 16-inch steel wheel that rides furrows and holes easily. The frame is all steel; light, strong, and easily handled.

*By Planting Our Standard Seeds*

### STANDARD FERTILIZERS

**W**E make a specialty of Seeds for Market Gardeners, carrying in stock many lines and articles which we have not space to describe and quote in this pamphlet; if you do not see what you want, please write us; the chances are we have it. If not in stock, we can quickly locate a source of supply and will be glad to serve you.

Yours Truly
